

आधारभूत संरचना

▶ Admin Building:

- 55 m × 11 m Dimension
- Consists of 4 halls, 12 rooms and 2 kitchen.

▶ Heavy Repair Shed:

- 100 m × 21 m Dimension
- Clear height of shed at EOT crane is 9 m and overall clear height of shed is 12 m.
- There are two pits in this shed with 25 m long length.

▶ Light Repair Shed:

- ▶ 370 m × 15 m Dimension
- There are two pit lines in this shed with 25 m long length.
- ▶ Clear height of shed is 6.75 m.
- ▶ 3- level examination possible

▶ Washing Line:

- ▶ One washing line of 370 m with catwalk suitable for 16 coach length.

आधारभूत संरचना

▶ Service Repair Building

- Dimension 110 m × 21 m
- Consists of 4 Rooms 22.5 m x 21m.

▶ Stores Building:

- Stores Building Consists of a Store Shelf operated by Battery Operated Hydraulic Stacker.
- Building consists of Epoxy Flooring.

▶ CNC Underfloor Pit Wheel Lathe & Load box Shed:

- 1 no. CNC Pit Wheel Lathe with Siemens Control System and Rexroth Hydraulic System
- 1 no. Computerised Water Load Box of A.G. Measurematics Pvt Ltd.

आधारभूत संरचना

► Machinery & Plants:

- JIB Crane 2 Ton (2 nos.)
- EOT 30/7.5 Ton overhead crane (02 nos.)
- Pedestal Grinder (2 Nos.)
- Portable Oil Centrifuge Machine
- Synchronized Lifting Jack (2 Nos.)
- Hand Pallet 2.5 Ton Capacity (6 nos.)
- Welding Plants
 - MIG/MAG Welding Machine (1 nos.)
 - 3 Phase Arc Welding Machine (2 nos.)
 - Portable Diesel Arc Welding Machine (1 nos.)

आधारभूत संरचना

► Machinery & Plants:

- Mechanical Pipe Bending Machine
- Diesel Air Compressor 160 CFM Capacity
- Electric Air Compressor 500 CFM Capacity
- Water Demineralising Plant
- Karcher Jet Cleaning Machine
- Pipe Threading Machine
- 110 V and 24 V Battery Charger
- 500 KVA DG Set
- 1 Truck 10 Ton Capacity
- Diesel Forklift
- Battery Operated Platform Truck (2 nos.)
- Hydraulic Stacker
