IV. ELECTRIC LOCO SHED /SYH

- Till now there was no Loco Shed of Varanasi Division, Electric Loco shed Saiyedpur Bhitri filled this vacuum with a holding capacity of 200 Electric locos.
- This shed has been designed especially for maintenance of three phase goods loco (WAG9HC).
- Present loco holding of this shed is 26 Locos.
- Modern Machinery and plant essential for reducing locomotive failures such as Rail Cum road vehicle, E-70 test bench, Gas chromatograph, Digital storage oscilloscope etc. are available.
- Administrative Building equipped with modern office infrastructure such as conference Hall, plotter, copier, Scanner etc.
- CCTV coverage across the shed and Public Announcement system for better coordination.
