

Highlights of Medical Department

5-S

1. Divisional Railway Hospital, Varanasi has been certified as 5S Hospital by Quality Circle Forum of India on 20th May 2022. Ours is the first hospital of Indian Railways to have been awarded this certificate.
2. 5-S certificate is awarded for proper cleaning and systematic work in every department.

HMIS

1. Railtel HMIS implemented in Varanasi Division including HU's from Aug-2021
2. The features of the software extend from customizing clinical data according to the departments and laboratories, multi hospital feature that provide cross consultation, seamless interface with medical and other equipment's and the patients will have the benefit of accessing all their medical records on their mobile App. There are about 12 modules of HMIS which has been implemented. These include Clinical, Administrative, Patient Services & Ancillary Modules viz OPD, IPD, Labs, Pharmacy, Referrals, Medical Examinations, Sick-Fit Certifications, Reimbursement of Medical Claims etc.
3. About 550-650 patients per day are registered on average basis through HMIS portal in Varanasi Division.
4. HMIS is going to address the fundamental needs of all the stakeholders. Patients will be able to get faster and hassle-free health care access and will access all there medical records through the Mobile App. With entire medical data readily available, Doctors will be able to treat better.

Vaccination

1. More than 81000 persons have been vaccinated including nearly 3000 Precautionary dose of **COVID-19** Vaccine in Divisional Railway Hospital in Collaboration with District Administration.

Oxygen plant

1. To combat any emergency or pandemic like situation we have made our Divisional Hospital ready by the installation of oxygen plant of 250 LPM capacity. This will provide continuous oxygen supply through central oxygen pipeline for 50 beds and lifesaving equipment's like ventilator and Bi-PAP machines.
2. All beds of emergency and ICU are now equipped with multipara monitor, bedhead oxygen supply and lifesaving equipment's. 13 Oxygen Concentrators are also available for dire emergencies.
